

WPRC
WESTERN PENNSYLVANIA REPEATER COUNCIL
FREQUENCY COORDINATION COMMITTEE

WAIVER OF STANDARD REPEATER SPACING

This is a form to be used when a repeater does not meet WPRC's spacing policies and the trustee must obtain a waiver of spacing from another repeater trustee. The terms are up to the trustees involved. Item 4 is optional but all others are required. An original signed form must be filed with WPRC.

1. A) This waiver is NOT restricted. The waived repeater may re-coordinate without another waiver.
(This includes changes in power, height, location or other coordination parameters)

B) This waiver IS restricted.

1. The waived repeater may not re-coordinate closer nor increase profile without a new waiver.

2. The waived repeater must obtain a new waiver (if required) before any re-coordination.

2. The repeater belonging to the trustee granting this waiver:

A) Is not restricted in any way. (It will not require a waiver from the waived repeater to re-coordinate)

B) Is under the constraint of items 1 & 4. Both repeaters will have equal status; neither has seniority.

[The trustee granting this waiver may require a waiver from the one waived to re-coordinate.]

(Null if 1A)

3. This waiver will expire: A) Never B) On/if: _____

4. Other terms or limitations: (CTCSS, antenna pattern or height, hours of operation, ERP limit, Etc.)

(Please continue on back if necessary and sign at the end of the text. Continue on back: YES NO

Repeater receiving waiver: (applicant)

Repeater granting waiver: (existing repeater)

Frequency: _____

Repeater Call: _____

Trustee Call: _____
